

**Step 1:**

Use tabs of masking tape to position graphics in proper place.

**Step 2:**

Apply a tape hinge along the top or bottom of the graphics

**Step 3:**

Remove liner entirely. Hold graphic off the banner

**Step 4:**

Using firm pressure, squeegee parallel to the tape hinge, working over entire surface.

**Step 5:**

Remove premask slowly at a 45° angle from top left to bottom right.

**Step 6:**

You're finished!
